ELITE Slit Lamp

LED SLIT LAMPS

Designed and produced in Europe, S4OPTIK slit lamps feature precision optics combined with LED illumination. Our slit lamps are engineered to provide the very best in optical accuracy and mechanical performance for smooth function and exceptional value.

SLIT LAMP IMAGING

High-resolution imaging simplified. S4OPTIK slit lamps include an integrated digital video beam splitter and enhanced imaging features including background illumination, right/left eye detection, and an easy access trigger. Complete with image management software for single image or video sequence acquisition, S4OPTIK slit lamps raise the bar for high-resolution documentation of ocular imaging.

COMBOS

Pairing the ergonomics of our chair line with the operational efficiency of our stands and equipment, S4OPTIK compact units deliver a big impact with a small footprint. Sleek, modern designs, engineered and manufactured in North America.
